

Maths

As mathematicians, we will...

- review topics learnt this year such as:
 - ~ place value of 2-digit numbers
 - ~ adding and subtracting 2-digit numbers
 - ~ multiplication and division
 - ~ fractions (1/2, 1/4, 3/4)
- review any other topics that children have found challenging.

English

As writers, we will...

- Write portal stories based around the portal story 'The Door'. This fiction unit will aim to create dilemma, action and suspense through our engaging writing. We will include adjectives and similes to improve description, ellipses to build the tension and consider the length of our sentences to also help change the mood of the writing.
- link our non-fiction unit to this by creating a persuasion leaflet about the portal land. We will concentrate on our bossy verbs and alliterative word choices!

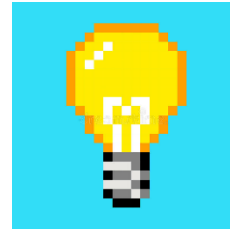

DT

As designers, we will... design, create and evaluate our own buggy with wheels and axels to help a scientist carry their equipment.

Year 2 Curriculum

Eureka!

Summer 2

History

As historians, we will...

- explore some changes within recent year.
- look at how technology has advanced and is now part of daily life; including the washing machines, iPads, TVs, internet, mobile phones.

Life Education

As good citizens, we will...

- explore our feelings around friendships
- learn about different stages of growing into an adult (baby, toddler, child, teenager, adult)
- identify different parts of the human body

Science

As scientists, we will...

- work scientifically on a variety of different experiments
- work together in groups
- learn about significant inventors and scientists
- review areas of Year 2 that we need more practice on

Music

As musicians, we will...

- be doing instrument-themed musical storytelling.

We will do this by:

- listening for dynamics and tempo;
- exploring sound effects and dynamics;
- creating a soundscape
- using sound to represent events
- performing musical stories

We will do all of this using a range of percussion instruments.

We will practice and perform songs from our Year 2 production.

PE

- develop our running, jumping, throwing and catching skills.
- play kick rounders to practice attacking and defending.
